THE BRITISH COLUMBIAN.

No. 6, Vol. 6. NEW WESTMINSTER, SATURDAY, SEPTEMBER 29, 1866. Price 6d. or 12 cts.

The British Columbian.

SATURDAY, SEPTEMBER 29, 1866.

THE NEW POSITION.

It is not very easy to realize all at once our changed Colonial relations, the complete obliteration of all the lines and boundaries hitherto dividing the Colonies of British Columbia and Vancouver Island, or to become quite reconciled to the idea that Victoria, the hot-bed of political disquiet, the head-quarters of plotting politicians, has become an integral part of British Columbia, that it bears much the same relation to us as Queen Charlotte's Island. Vancouver Island has been blotted from the long list of British Colonies; or, if you like it better, the royal diadem has lost a jewel! It does not lie within the range of our present purposed, to dwell upon the circumstances which have conduced to this altered condition, or to moralize upon the agencies and elements which have brought it about. The late ruling faction on the newly acquired island must already be painfully sensible of the fact that they have been unwittingly used as a means to an end they themselves thought to avert, and which they now deplore. It is more fitting that we should consider those measures best calculated to render the union conducive to the best interests of the consolidated territory; school ourselves to forget the past distinctions and local differences which were but the natural result of a previous system, and, viewing all as one common interest, seek to promote that harmony, peace and feeling of common brotherhood so essential to success. It would be idle to ignore the fact that the change just brought about will raise some legislative difficulties, involve no fiscal complications. The Imperial Act which makes the island Colony an apendage of the mainland places the whole under the fiscal system of the latter. The customs tariff forms the chief, we might almost say the sole source of revenue. The union finds one section partially stocked with goods which have paid an import duty averaging not less than fifteen per centum *advalorem*, the other section glutted with merchandise which has paid no duty at all. The idea entertained by some that the latter will enjoy entire immunity is manifestly fallacious. To allow the accumulated stocks of island merchants to find a market on the mainland without paying the usual customs duty would be to perpetrate a grevious wrong upon the merchants of the latter section, while to permit these goods to be so disposed of on the island even for local consumption, would be virtually to exempt the people residing there from contributing their share of the revenue for many months to come. But there is another ground upon which it would be obviously impracticable to allow the goods found on the island at the time the new constitution comes into force to escape customs duties. We have said that the import duties constitute the main source of revenue. Under union that will be equally true of the whole territory. If we assume that the amount of goods held by island merchants at the time of union is equivalent to a six months' supply for the whole—and we apprehend the estimate is a moderate one—it will readily be seen that to allow these goods to be sold and consumed duty free, no matter in what section of the country, would be tantamount to depriving the Colony, as a whole, of its chief source of revenue for six months, a proposition which cannot be entertained for a moment. It is obvious, therefore, that, upon the ground of revenue, as well as fairness to each section of the country, the idea of allowing the island stocks to escape duty is simply absurd. It follows, therefore, that some plan must be adopted by which goods brought into Vancouver Island, under the free trade system, and remaining in the hands of island merchants at the time the new constitution takes effect, will be made to pay the same rates of duty as are imposed by our customs tariff. By what means this will best be accomplished it is not our present purpose to suggest. Indeed it is not improbable that the difficulty has already been anticipated by the erudite mind of our Governor, and it is not unlikely that due provision has been made for it, and only awaits legislative ratification.

TO THE ELECTORS

.....OF THE.....

City and District

.....OF.....

NEW WESTMINSTER.

GENTLEMEN:

In reply to a numerously signed requisition, I now offer myself as a candidate for a seat in the next Legislative Council of this Colony, feeling sure my principles are so well known to you all that I can confidently expect the cordial support of my friends.

Having previously been a representative of the people, not only in the Legislative Council, but also on the Mining Board in Cariboo, my past experience will better enable me to fulfil the duties devolving upon your representative should you return me as your member. The following being the principal questions which will probably occupy the attention of the Council during the ensuing session I now beg to submit my views upon them to you.

Upon the question of Retrenchment, I am of opinion that a considerable reduction can be made in all branches of the Civil Service without affecting its efficiency.

I would favor a system of National Schools throughout the Colony.

I would support any measure having for its object the suppression of smuggling or sale of liquor to Indians.

With reference to the Agricultural interests of the Colony, I would advocate that free grants of land be made to *bona fide* settlers; that a tax be levied on all unimproved lands; that the vexed Indian land question should be at once adjusted; and that all Government Reserves should be thrown open. I would further advocate a tax on orchard produce, to protect the fruit growers of this Colony against those of Oregon and Washington Territory.

I don't think that Union with Vancouver Island will be beneficial to this Colony, but I am prepared to support the proposed Annexation Bill.

I am in favor of any Homestead Law that will assist the settler without being injurious to the creditor.

I advocate the total abolition of Tonnage Dues and the construction of Roads throughout settled districts in the Colony.

I will, if returned, support any Bills that may be brought forward, which I believe would tend to advance the interests of the Colony or those of my constituents.

I am, Gentlemen,
Your obedient servant,
A. W. S. BLACK.

HARDWARE, STOVES, TINWARE!

CUNNINGHAM BRO'S.,

NEW WESTMINSTER,

DESIRE to return thanks to the inhabitants of this Colony for the liberal patronage received during the past four years.

We have in stock at our old stand, on Columbia street, a good selection of

New Advertisements.

TO THE ELECTORS OF THE

City and District of NEW WESTMINSTER.

FELLOW COLONISTS,

A General Election is at hand, and you are called upon to select a man to represent your interests in the Legislative Council of the Colony. I have consented to offer myself as a candidate for your suffrages, your old and faithful representative having retired.

Having addressed you twice a week, during the past six years, through the columns of the BRITISH COLUMBIAN newspaper, upon nearly every important public question which has arisen, it will not be necessary for me now to enter into any lengthened exposition of my political views and principles; but inasmuch as it is expected of a candidate to enunciate his creed, in coming before the people for their suffrages, I shall touch briefly upon a few of the more prominent topics which occupy the popular mind at the present time. If you should do me the honor of electing me to represent this most important constituency in the Legislative Council, I shall support, amongst others, the following measures:

1. The question of union, so long and so variously advocated by the people of Victoria, and so uniformly spurned by the people of British Columbia, has recently assumed an entirely altered aspect. The Imperial Government has, as you are aware, decided to incorporate Vancouver Island with British Columbia, upon conditions already sufficiently known to you; provided the Legislatures of both Colonies should accept the new constitution. Althongh British Columbia has little to gain by such an acquisition I am disposed to view incorporation upon the terms proposed as perhaps the most ready and effective means for putting an end to agitations replete with injury to both Colonies.

2. Retrenchment in the Civil Service; for, although with the contemplated changes in the constitution and territorial boundaries of the colony the necessity for retrenchment may undergo some modification, still there would, I apprehend, be considerable room for a reduction in the expenses of some of the Government Departments.

3. Abolition of the Tonnage Dues, if not in whole, in so far as they apply to articles of Home product or manufacture, and a healthy protection for agriculturists near the seaboard against foreign competition.

4. A wholesome Homestead Law, carefully guarding the settler against oppression, on the one hand, and the creditor against fraud on the other.

5. Free grants of land to all actual settlers, and a tax upon wild land held purely for speculative purposes, the revenue derived from such tax to be expended in constructing roads in the districts where collected.

6. A speedy and final adjustment of the Indian land question, securing to the Native Tribes a reasonable amount of land for actual use, *and no more*; and the throwing open of the remainder, and of the numerous Government reserves created during the late Administration, to the actual settler.

7. The construction of main roads through all the settled districts, so as to bring the Agriculturists into connection with the markets of the colony.

8. More stringent measures for the suppression of the smuggling and illicit whisky trade so extensively carried on between Victoria and the Indians along our seaboard.

9. An immigration scheme by which families and farm laborers might be assisted in reaching a Colony peculiarly fitted to receive and employ them.

There are various other questions of great importance, such, for instance, as that of the Federation of all the British Possessions upon this continent, which it would be impossible, as it is unnecessary to discuss in the present address. I shall, however, be happy to avail myself of any opportunity which may present itself of meeting you for the purpose of enunciating my views more fully, and answering any questions which may suggest themselves.

I have only to say, in conclusion, that if an honest, and, I may truly affirm, a laborious zeal for the interests of this my adopted country have given me any claim to your confidence and esteem the only return I ask is that you will, by your votes, place me in that position which of all others will enable me the most effectually to labor for the promotion of your best interests.

I have the honor to be,
Fellow Colonists,
Your most obed't servant,
JOHN ROBSON.

WEDNESDAY, OCTOBER 3, 1866.

AN AGRICULTURAL EXHIBITION.

The specimens of agricultural and horticultural productions brought under our notice almost daily would seem to point out the expediency of getting up an exhibition to which all the settlers on the Lower Fraser might send their various specimens. It is surely needless for us to expatiate upon the utility of such exhibitions. People who have come here from England, Scotland and Ireland, where such exhibitions are periodically held, and patronized not only by the nobility of the land, but by Royalty itself; those who have come from Canada and other Colonies, where the importance of these efforts to stimulate and improve are well understood and systematically carried out, where all prominent persons vie with each other in promoting the interests and elevation of the industrial classes; we say, persons coming from these countries scarcely need to be admonished of their duty in that regard. There are some who say that everything is yet too young and crude here for such effort, that there would be little worth exhibiting. The fact that everything is young and crude forms the strongest argument (to our thinking) in favor of these exhibitions. Such objectors do not, we fear, fully realize the importance of "*first things*." It is just in the normal stages that these helps and stimulants are most needed and most felt; and, as agriculture is the most important interest pressing itself upon the public attention just now, and demanding that recognition in high places to which it is entitled, and which it never fails to command in our dear Fatherland, we can conceive of no more opportune time than the present for inaugurating agricultural and horticultural exhibitions. It would be unpardonable in us to ignore the fact that such an exhibition was held, in the autumn of 1861, in the building now occupied as a Public Library. That effort was most interesting and successful, and completely closed the mouths and opened the eyes of those who poohpoohed the idea, and said there was nothing to exhibit. Have five years rendered us less fit to get up an exhibition? Have we fewer farmers and less to send now? We venture to say that in both respects our progress has kept pace with the lapse of time, and that such an exhibition could be got up now on a very much larger scale, and with very much greater success. It only wants the effort, heartily put forth, to bring together such a collection of these productions as will astonish the sceptical, encourage and stimulate the settler, and gratify all. Have we not amongst us those who will take hold of this thing, and carry it through to a successful issue? The gentleman who at present so worthily represents our Queen amongst us, does not, we feel assured, fail to realize the importance of such demonstrations, and, if properly applied to, would cheerfully lend his influence and assistance, while several of his officers would not only deem it a duty but a privilege to aid in so noble and praiseworthy a work; and it is not improbable that our esteemed Governor would be here in time to act as Patron of the occasion, thereby giving to it an interest and *eclat* it could not, perhaps, otherwise possess. What could be more gratifying and encouraging to His Excellency than that one of his first public acts, upon reaching the seat of his Government, should be to preside at such an exhibition? We feel assured that the farmers of this district are anxious for an opportunity to exhibit samples of their productions, and would eagerly second the effort, and respond with the utmost alacrity to an invitation to send in their specimens. The season is far advanced, we admit, yet not so far but that a very successful show may be held. Immediate action is essential. Who will take the initiative?

S.T-1860-X.

"Jee' so!"—"Exactly!"—Solon Shingle said; they were there "every time." If he felt "owley" in the morning, he took Plantation Bitters; if he felt weary at night, he took Plantation Bitters; if he lacked appetite, was weak, languid or mentally oppressed, he took Plantation Bitters; and they never failed to set him on his pins square and firm.

A few bottles of PLANTATION BITTERS
Will cure Nervous Headache,
" Cold Extremities and Feverish Lips,
" Sour Stomach and Fetid Breath,
" Flatulency and Indigestion,
" Nervous Affections,
" Excessive Fatigue and Short Breath,
" Pain over the Eyes,
" Mental Despondency,
" Prostration; Great Weakness,
" Sallow Complexion, Weak Bowels, &c.
Which are evidences of
LIVER COMPLAINT AND DYSPEPSIA.

After a long research, we are able to present the most present the most remarkable cure for these horrid nightmare diseases, the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge!

It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.

The report that it relies upon mineral substances for its active properties are wholly false.

The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a good article cannot be sold as low as a poor one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

Barnes' Magnolia Water.

A toilet delight! The ladies' treasure and gentlemens' boon! The "sweetest thing" and largest quantity. Manufactured from the rich Southern Magnolia. Used for bathing the face and person, and to render the skin soft and fresh, to prevent eruptions, and to perfume clothing, &c.

It overcomes the unpleasant odor of prespiration.
It removes redness, tan, blotches, &c.
It cures nervous headache and allays inflammation.
It cools, softens, and adds delicacy to the skin.
It yields a subdued and lasting perfume.
It cures musquito bites and sting of insects.
It contains no material injurious to the skin.

It is what every lady should have. Sold everywhere. Try the Magnolia Water once and you will use no other Cologne, Perfumery, or Toilet Water afterwards.

Sold by Druggists and Dealers everywhere.

DEMAS BARNES & CO.,
se19 Props. Exclusive Agents, N. Y.

Lyons' Kathairon.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents the hair turning grey and falling off.
It restores hair upon prematurely bald heads.

This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car load, and yet its almost incredible demand is daily increasing, and there is hardly a country store that does not keep it, or a family that does not use it.

se19 E. THOMAS LYON, Chemist, N. Y.

Lyons' Extract Ginger.

LYONS' EXTRACT OF PURE JAMAICA GINGER—for Indigestion, Nausea, Heartburn, Sick Headache, Cholera Morbus, Flatulency, &c., where a warming stimulant is required. Its careful preparation and entire purity make it a cheap and reliable article for culinary purposes. Sold everywhere, at fifty cents per bottle. Ask for "Lyon's" Pure Extract. Take no other. See that the private U. S. Stamp of Demas Barnes & Co., is over the cork of each package. None other is genuine. se19

Mustang Liniment.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment.

For cuts, sprains, burns, swellings and caked breasts the Mexican Mustang Liniment is a certain cure.

For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment.

For spavined horses, the poll evil, ringbone and sweeney, the Mexican Mustang Liniment never fails.

For wind galls, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold.

Cuts, bruises, sprains and swellings, are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

"In lifting the kettle from the fire, it tipped over and scalded my hands terribly. * * The Mustang Liniment extracted the pain, caused the sore to heal rapidly, and left very little scar.

CHAS. FOSTER, 420 Broad St., Phila.

Mr. S. Litch, of Hyde Park, Vt., writes: "My horse was considered worthless, (spavin,) but since the use of the Mustang Liniment I have sold him for $150. Your Liniment is doing wonders up here."

All genuine is wrapped in steel plate engravings, signed G. W. Westbrook, Chemist, and also has the private U. S. stamp of Demas Barnes & Co. over the top. Look closely. Sold by all Druggists, at 25, 50 cts., and $100. se19

Lyons' Flea Powder.

DEATH TO FLEAS.—It is well known that Lyon's genuine Magnetic Powder, will perfectly destroy everything in the shape of fleas, ticks, bed-bugs, roaches, &c.; that it is perfect poison to the insect tribe, but entirely harmless to the human species and domestic animals. The genuine has the signature of E. Lyon, and the private stamp of Demas Barnes & Co. Anything else of this kind is an imitation or counterfeit. Any druggist will procure the genuine if you insist you will have no other. se19

AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints:

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully Yours,

ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of *Dropsy*, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous *Malignant Erysipelas* by large doses of the same; says he cures the common *Eruptions* by it constantly.

Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a *Goitre*—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Female Diseases* of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhœa by it, and some where the complaint was caused by *ulceration* of the *uterus*. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous *ovarian tumor* on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1856.

DR. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mercurial Disease*. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla, steadily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859.

DR. J. C. AYER: Sir, I have been afflicted with a painful chronic *Rheumatism* for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an *affection of the Liver*, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than *derangement of the Liver*. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

NOTICE.

CODVILLE LANDING!

Important to Packers, Stock Drivers, and the Public in General.

THE Public are respectfully informed that James Codville, of the wide renowned Codville Landing Ranch, is prepared to receive any number of animals and cattle to ranch this coming winter, on the most liberal terms.

Large Reductions from the regular price made in favor of trains.

Persons intending wintering their own stock can be accommodated with Hay in the stack, and stables and sheds for their animals, and Houses for themselves, on the most reasonable terms.

The Ranch is situated on the opposite side of the Fraser from that of Sumass, is on an island 6½ miles long by 4½ wide, is high and dry, no place where animals can mire, well protected from north winds, free from any kind of poison weed, and affords every facility, natural and artificial, for the accommodation of stock.

James Codville would also call public attention to the fact that he is prepared to furnish Hay at a very reduced price, and in quantities to suit all purchasers.

In returning thanks to the Public for past patronage, I am in hopes that the good condition in which I turned out animals on former seasons will secure for me a share of the Public patronage this coming winter.

Horse covers, pack saddles, and all rigging taken care of, and every satisfaction given for the least possible charge to those who may entrust their stock to me, or order Hay.

AGENTS.—DIETZ & NELSON, New Westm'ster.
A. BARLOW, ESQ., Yale.

Remember Codville Landing, not Sumass.

An Hotel open and a ferry from the 1st October, for the traveling Public.

JAMES CODVILLE.

N. B.—Stock bought and sold on commission. se1tc

The British Columbian.

WEDNESDAY, OCTOBER 3, 1866.

THE FIRE.

We have to chronicle another of those fires which have been of such frequent occurrence in this city of late. This time the fire came nearer home to ourselves and involved the almost total destruction of the plant and buildings of the publishing office of this journal. The fire broke out at 3 o'clock on Saturday morning, and so rapid was its progress that the premises were enveloped in flames by the time the engine was got to work, although the movements of the Hyacks were anything but slow. The most that could be done was to confine the fire to the building in which it originated, and in doing this the firemen accomplished wonders, as it formed a portion of a block of wooden buildings. Our loss by this fire cannot fall short of $4000, and it will be little less than $5000, should the presses prove to be useless, which is, we fear, highly probable. That the fire was the work of some malicious person or persons, as yet unknown, there is, we are pained to say, not the slightest room to doubt. That we have, in the course of our editorial career, been so unfortunate as to create enemies is not surprising; but we were scarcely prepared to find that enemies so made would adopt a mode of revenge so utterly repugnant to the feelings of honor and manhood. The knowledge of the existence of a person capable of so revenging himself upon one who has aimed at fearlessly discharging a public duty, joins to regret at the severe pecuniary loss, a feeling of the most poignant grief. We can only express the hope that the alacrity with which the authorities appear disposed to take the matter up may yet result in bringing to justice the miserable miscreant who perpetrated this cowardly and unmanly deed.

FROM VICTORIA.—The steamer Enterprise, Capt. Swanson, arrived from Victoria last evening with freight and passengers. We glean the following from the Victoria papers:—A shooting match took place on Saturday between Ten of H. M. S. Sutlej and Ten of the Victoria Rifle Volunteers, the latter winning by 17 points. The papers give a very conflicting account of a public meeting, called, it would seem, for the purpose of considering the expediency of asking the Queen either to grant these Colonies Responsible Government or else make the necessary arrangements for their being received into the American Union. The meeting was held in the Theatre on Saturday night. A Mr. Leigh was first chairman, Capt. Stamp second, and Mr. C. B. Young, M. L. A., third, the farce having been produced in three acts. We have neither time nor disposition to dwell upon so unpleasant and unprofitable a subject; but we hope, for the credit of our neighbors, that the published reports are greatly exaggerated. We fear our esteemed contemporary of the *Evening Telegraph* has "got off the track." His Excellency Governor Kennedy has appointed James Moorhead, Esq., to be Supernumerary Lieutenant in Victoria Rifle Volunteer Corps. The *Chronicle* perpetrates the following:—"It is now known that Governor Seymour will take up his residence at Victoria almost immediately upon his arrival"!!

THE HOME GUARDS.—The regular Quarterly meeting of this corps was held in the Volunteer Drill Shed last night, when Private G. C. Clarkson was elected Treasurer, and Private J. S. Clute a member of the Finance Committee, vice Private W. J. Armstrong, resigned. Six new members were reported, and the affairs of the corps appeared to be in a very flourishing condition.

WIRES DOWN.—Owing to the wires being down yesterday, we did not receive our telegram last evening.

OUR NEW OFFICE.—The BRITISH COLUMBIAN has, Phœnix like, arisen from its own ashes; thanks to the generous and enterprising people of New Westminster. The flames which destroyed our office and plant were scarcely subdued by the noble Hyacks when we were overpowered by sympathizing friends with the most generous and whole-hearted offers of assistance. The result of this generosity is that we are now in possession of a new plant, and we are enabled to resume publication with the omission of only a single issue! Upon this point we shall have something more to say in a future issue. But we cannot dismiss the subject without tendering our most sincere and heartfelt thanks to the fire department for their almost superhuman efforts, to those friends through whose personal efforts we are enabled to appear before our readers to-day, and to the kind-hearted and generous public, to whose liberality we owe our ability to prosecute, uninterruptedly, the great work committed to our care. This is all we have to offer now, and we hope it will be accepted by those for whom it is intended. It will be observed that the sheet we publish to-day is the one which would have been issued on Saturday, had not the dastard hand of the cowardly incendiary interposed. The outside having been struck off previous to the fire, bears the date of Saturday, and although the inside bears today's date, most of the matter is that which was in type at the time of the disaster. The edges of the sheet, it will be observed, bear the marks of the disaster, but it will not, we hope, be less valued on that account.

We cannot conclude these hasty remarks without acknowledging the sympathy and kind offers of assistance extended to us by our contemporaries of the Yale *Tribune* and the Victoria *Chronicle*, and to assure them that the latter is none the less valued on account of its not being required.

FROM CARIBOO.—The last express brings us Cariboo papers of the 24th ult., from which it would seem that district has much difficulty in getting a representative. Of course there is no lack of aspirants, but the people's choice seems to be misplaced somehow. First Mr. Robertson, a talented young lawyer, was the coming man; but Mr. Robertson "did'nt seem to see it," and declined the intended honor. The next step was for the Mining Board (doubtful employment) to trot out a candidate. They brought out Mr. John McLaren; but Mr. McLaren wouldn't go! In a lengthy letter which is published in the *Sentinel* he tells the reason why, and in the doing of it he must have lost the confidence if not the respect of all sensible men. The paper, for shallow, unreasoning, "rot," and vapid rant, excells anything hitherto produced in these parts. We give his closing effort as a specimen:—"It is high time for the Government to shake off its dignity of dullness, to discern the real condition of the Colony, to abandon the idea that a mere fishing station at the filthy mouth of the Fraser is the whole of British Columbia, to adopt a stronger bond of union than the bond of common plunder, and to abandon forever the worship of Janus."

The *Sentinel* says Mr. Walkem had decided to stand for Cariboo, his old constituency.

ARRIVAL OF THE MAIL STEAMER.—The mail steamer Active, Capt. Williams, arrived from San Francisco, on Monday evening with an English mail, freight and passengers. Amongst the passengers were Capt. Calder, of the Home Guards, Miss. Calder and Mr. Prosper. Grelly, of the Colonial Hotel. The Active sailed for San Francisco yesterday at 5 o'clock p.m. Amongst the passengers who went down by her were the widow and family of the late Mr. McMicking, en route for Canada.

THE NATIVE CELEBRATION.—Preparations are in progress for carrying out the Indian celebration tomorrow with considerable *eclat*. The various Volunteer Companies will be on the ground to receive His Excellency the Officer Administering the Government. It is intended that, in addition to the canoe races, there will be several boat races. The aquatic torch-light procession, and the fire-works promise to be a brilliant affair.

MUNICIPAL ELECTION.—The election held in this city, on Tuesday week, to fill vacancy created by the resegnation of Mr. Wm. Clarkson, resulted in the return of Mr. Thos. E. Ladner, a judicious choice we think.

FROM YALE.—The steamers Onward and Lillooet came in from Yale on Monday, bringing a considerable number of passengers, and an express for Dietz and Nelson.

FROM VICTORIA.—The steamer Enterprise, Capt. Swanson, arrived from Victoria last evening, with freight and passengers. The *Chronicle* contains little beyond wild and absurd rumors about Governor Seymour's movements, etc In one issue it raises a doubt as to his returning at all, and in the next intimates that orders have been given to place "Cary Castle" in a state of readiness to receive him!! The mind of our unlucky contemporary must be giving way under accumulating troubles. Our usual files of the *Evening Telegraph* have not come to hand.

FROM CARIBOO.

The steamer Onward, Capt. Irving, arrived from Yale yesterday, bringing a considerable number of passengers, and a Cariboo express. Mr. Ormandy, messenger of the Bank of British Columbia, arrived by her, with $92,000, in treasure belonging to that institution. By the express we have files of the Cariboo *Sentinel* of the 24th inst., from which we glean the following items of news:—Mr. A. R. Robertson had declined the nomination as member for Cariboo, and the Mining Board unanimously passed a resolution recommending to the miners Mr. John McLaren as a fit and proper person to represent them. The *Sentinel* has a leading article upon the subject, in which Mr. McLaren is strongly recommended to the mines. It appears that there are two other candidates in the field, (Mr Harris of Victoria, and Mr. Robert Spence, Government Road Inspector) but whether they will pursue the contest to "the bitter end," is, we should imagine, doubtful. Up to the leaving of the express, Mr. McLaren's consent had not been obtained but we earnestly hope that would not be withheld, as we feel convinced that he would make a valuable representative. Should pecuniary considerations be the only difficulty the miners would only be studying their own interests in removing it. Indeed they scarcely have a right to expect that any man will spare the time and incur the expense of attending to their interests in the capital, all winter, at his own charges. The polling was appointed for the 24th, Monday last, and it is a matter of surprise that we have not been apprised of the result by telegraph.... A fire occurred in a China wash-house, in Barkerville, on Wednesday se'nnight; but it was extinguished before much damage was done....Mr. H. C. Wilmott had a narrow escape on Tuesday week, his horse having become restive and backed the vehicle over a bank, in front of Mr. Loring's Saloon....The long wished-for rain has come, but not in sufficient quantities to enable active mining operations to be resumed....The vegetable market was being well supplied at reasonable rates;—Potatoes 8 cts.; turnips 6 cts.; carrots 16 cts.; cabbage 16 cts....The *Sentinel* complains that although application was made to the Government, over a month ago, for the books and records of the old Mining Board, they had not come to hand...Mr. Barnard's stages were running twice a week, leaving Cariboo on Tuesdays and Fridays....The Rev. Father Magaggan had purchased the house lately occupied by Mr. H. N. Steel, at Richfield, and was fitting it up for a place of worship. There is no gaining intelligence of the slightest importance, as work was almost suspended owing to the scarcity of water.

LATER FROM CARIBOO

From Mr. Rueff, of Victoria, who arrived from Cariboo yesterday, and who brings later news than the *Sentinel*, we learn that the volume of water in Williams Creek had been sufficiently increased by the rains to enable many of the miners to resume work. We also learn from him that Mr. McLaren had accepted the nomination, and was certain of election. Mr. Rueff says Grouse Creek is yielding largely, and gives it as his opinion that it will equal Williams in point of productiveness next season. Cedar Creek is considered good, and the quartz ledge on Canyon Creek is exciting much interest, and promises to afford rich pickings for the lawyers, litigation having set in with a furor. A ton of the quartz is now on the way down, as a test.

MARKS OF CIVILIZATION.

The various modes of sepulture among pagan nations generally serve more or less as an index to their belief in a future state of existence. The prevailing faith of the North American Indian is that death is a mere transition from an indifferent to an expansive and magnificent "hunting ground," where he will be forever happy, and where every good Indian will be a great and powerful chief. Hence it is that in placing the body in the box or coffin there are placed along with it gun and ammunition, blankets, cooking utensils, flint and steel, and, in short, an outfit in a small way with which to "start house-keeping" in the great "hunting ground" to which all good Indians look forward with more or less satisfaction. The Indians on this side of the continent bestow more care upon their dead than do their Atlantic brethren. Here the body is placed in a sitting position, in a square box. This box is placed on a sort of pedestal, sometimes carved in grotesque figures, about two feet from the ground, and guarded by one or more wooden figures of life size, sometimes carved and painted with great skill, giving them a very striking appearance, causing the solitary traveller, as they suddenly burst upon his view, upon making a sharp turn in the road, to start with alarm. These figures are generally armed with guns, knives, or other weapons of chase or of war, and around are suspended blankets, cooking utensils, etc., giving the Indian sepulchre at once a gay and savage appearance. As the superstitious sepultural ceremonies of heathendom mark the absence of civilization, so a departure from these superstitions indicate the gradual dawn of that higher light which never fails to dispel the thick darkness of paganism. There is, perhaps, no surer sign of the gradual dawning of that light upon the dark minds of the natives living here than the substitution of our mode of sepulture for their own. The measured thud of the dismal death-drum has given way to the hallowed sounds of Christian praise and prayer; while, instead of the native medicine-man, with his wampum strung with dead bats, lizards, and the like, making the scene hideous with his unearthly yells and frightful grimaces, is now to be seen quietly kneeling by the side of the dying Indian, the patient, self-denying priest. Next we see a procession of Indians of both sexes and all ages, from the bowed and decrepid old patriarch, whose grizzly locks have fluttered in the blasts of one hundred winters, to the toddling and light-hearted pawpoose, passing along the street, wending their way to the native place of Christian worship. A coffin, symmetrically fashioned, and nicely covered with black cloth, similar in every respect to the last narrow home of the white man, is borne upon the shoulders of four stalwart natives. It is an Indian funeral. The corpse is conveyed to the church, where the usual services are performed, after which the procession is reformed, and the remains of the departed are decently laid in the cemetery, with a neat slab and cross to mark the head, and, peradventure, to be shortly surrounded by a white paling, such as those within which white men sleep. Are not these marks of dawning civilization the result of the zealous and unostentatious labors of such men as Father Fouquet?

FRUIT.—It is becoming more evident every year that this soil and climate are most favorable for the production of orchard fruits, as well as vegetables and cereals. On every hand we see evidence of this. Mr. McRoberts, of Richmond Farm, has already brought to market a very great quantity of as fine plums as can be produced in any country, and he has still to gather in the fruit of some six hundred apple and pear trees, which are, we learn, bending under a most prolific yield of excellent fruit. Mr. William Howison, a thrifty and well to do farmer between this and Langley, showed us the other day a sample of his apples, which although not quite matured were large, one of them measuring 13 inches in circumference. We, ourselves, have gathered apples measuring 12 inches and pears weighing fourteen-sixteenths of a pound, from trees set out two years ago in our own small and ill-kept garden.

☞ We have been requested to state that the entertainment to the Indian tribes which was postponed from the 24th May in consequence of the appearance of the small-pox will take place on Thursday next, the 4th October. The Officer Administering the Government will receive the Indian chiefs at the Cricket Ground, at 12½. At 1 o'clock suitable refreshments will be provided for the assembled natives. During the afternoon there will be the usual canoe races and games and in the evening a display of fire-works at the Camp.

THE SUMASS POLL.—We are authorised to state, for the information of the settlers in that neighborhood, that the election poll for Sumass will be held at the house of Mr. Miller, on the 12th ultimo. We regret to learn that it will not be in the power of the returning officer to hold a poll at Chilliwhack, as he will have to be at Langley on the 13th.

NEUTRALITY LAWS.—It will be recollected that Mr. Banks introduced a bill into the United States Congress for the repeal of the neutrality laws. Inasmuch as there is an impression with some that these laws really were repealed, we publish the following from an Eastern exchange in order to disabuse that impression:—

"Last week the House of Representatives passed, by a nearly unanimous vote, Mr. Banks' extraordinary Bill for the repeal of the neutrality laws. The avowed object was to remove certain restrictions which now hinder the development of Fenianism over the way. Some people here got alarmed, and wrote excitedly about terrible things that were sure to happen by and by. The Bill came before the Senate being then within twenty-four hours of its final adjournment for the session. Mr. Sumner moved to refer it to the Committee on Foreign relations, a convenient way, under the circumstances, of putting it quietly ont of sight. This, of course, had to be done, for it is a rule that no such Bill can be put through until reportd on by its appropriate Committee, if but one member objects. The Bill is now killed off, pretty effectually. The most remarkable part of the affair, however, is, that some Canadian journalists are still writing away at it, on the supposition that it has actually become law. Such exercises are too heavy altogether for the mouths of July and August."

THANKS to Mr. Thorne, Purser of the Active, for files of California papers.

TELEGRAPHIC.

SPECIAL DISPATCH TO THE "BRITISH COLUMBIAN."

EASTERN STATES.

CHICAGO, Sept. 25, 11 p. m.—We have no cable dates later than noon, Sept. 22d, and no explanation from New York.

OGDENSBURG, N. Y., Sept. 25.—It is reported, upon good authority, that large numbers of Fenians are concentrating for a raid into Canada?

CHICAGO, Sept. 28.—The New York *Herald* editorially says, President Johnson is writing to Southern Governors that they should accept the constitutional amendment, lest harder conditions are imposed by Congress. The *Herald* says in that way Johnson will checkmate the radicals.

CHICAGO, Sept. 27.—Among the news items per steamer from Europe, we find the following:—The Prussian Chambers have been debating the bill for the election of deputies to the German Parliaments. Amendments were offered and accepted for allowing all men to vote at the elections, and demanding that candidates have full liberty of speech during the election, and that members should be paid.

The eastern question again claims attention. The *Continental Journal* states that it is no longer the insurrection in Candia which causes uneasiness to the Porte, but insurrections beginning in Essecus and the Islands of Cayos and Cyprus.

NEW YORK, Sept. 27.—Gen. Sweeney publishes a card declining to take any part in the proceedings of the Fenian Brotherhood.

CALIFORNIA.

SAN FRANCISCO, Sept. 26.—Secretary Seward has telegraphed to Queen Emma tendering her a passage on the steamship Vanderbilt, now lying in this harbor. The offer has been accepted and the Queen will probably depart in about two weeks. The officers of the army who desire to be presented to Queen Emma will assemble at the Occidental Hotel this evening.

Arrived, 25th—Bark Lizzie Boggs, 12 days from Seabeck; bark Glimpse, 8 days from Port Discovery.

Sailed, 26th—Steamer Active, Victoria and New Westminster.

CANADA.

TORONTO, Sept. 25.—Orders have been given for the volunteer force of the city to muster at given points on the first alarm of the fire bells, with forty rounds of ball cartridges. An attempt to burn or capture the city is feared. Large quantities of military stores, including ambulances, are arriving here. Regular troops and volunteers are continually moving.

Cabinet meetings of the Canadian Government are being held daily in Quebec; the questions discussed being the military condition of the Provinces, the Confederation scheme, and the failure of the Bank of Upper Canada. Much anxiety is felt in financial circles. Money is still commanding 15 per cent. in Montreal.

FRANKING.—The privilege of franking letters is still allowed to members of the Congress of the United States. The Postmaster-General has just made a report, in which he states that the privilege is so abused as to lessen seriously the postal revenue, and bring reproach upon the department. One Senator allows his niece to write his name upon envelopes to frank them; patent agents send out their circulars under the frank of a member of Congress; a clerk in one of the departments farms the franks of three members.

HOLLOWAY'S OINTMENT.—Turn which way you will, go where you please, persons will be found who have a ready word of praise for this Ointment. For chaps, chafes, scalds, bruises, and sprains it is an invaluable remedy; for bad legs, caused by accident or cold, it may be confidently relied upon for effecting a sound and permanent cure. In cases of swelled ancles, erysipelas, gout and rheumatism, Holloway's Ointment gives the greatest comfort by reducing the inflamation, cooling the blood, soothing the nerves, adjusting the circulation, and expelling the impurities. This Ointment should have a place in every nursery. It will cure the long list of skin affections which originate in childhood and gain strength with the child's growth.

TOYS AND FANCY GOODS.—G. C. Clarkson & Co. having made large additions of the above Goods to their stock, any one wishing to make a present would do well to give them a call, as they have a great variety of nice, neat and natty articles of vertu which are useful, and at the same time will please the eye and adorn a table or mantel-shelf. *

REMOVAL.—Mr. Wm. Woodman has removed his boot and shoe shop to Holt's corner, in the premises recently occupied by I. Lyons, watchmaker, where he will be happy to receive his old customers. *

THE GRAND PROMOTERS OF HEALTH.

HOLLOWAY'S PILLS.

The grand secret of attaining happiness is to secure good health, without which life is stripped of all its pleasures. The first irregularity of any function should be checked and set right by appropriate doses of these fine purifying Pills, which strengthen the system by thoroughly cleansing the blood from all impurities. They balance disordered action, remove the cause of disturbance, and restore its normal and natural power to every organ, without inconvenience, pain, or any other drawback.

Derangement of the Bowels, Liver and Stomach Complaints.

This medicine is so well known in every part of the world, and the cures effected by its use are so wonderful, as to astonish everyone. Its pre-eminence as a remedy for bilious and liver complaints, and derangements of the stomach and bowels, is no longer a matter of dispute or doubt. In these diseases the beneficial effects of Holloway's invaluable Pills are so permanent and extensive that the whole system is renovated, the organs of digestion strengthened, and full and easy assimilation promoted, so that both physical and moral energy are increased.

Determination of Blood to the Head.

This is generally occasioned by some irregularity of the stomach and bowels, which, if not quickly attended to, frequently terminates fatally. A few doses of these famous Pills never fail to give tone to the stomach, regularity to the secretions, and purity to the fluids. Vertigo, dimness of sight, and other indications of approaching apoplexy, are entirely dissipated by a course of this admirable medicine.

The Female's Best Friend.

For all debilitating disorders peculiar to the sex and in every contingency perilous to the life of women, youthful or aged, married or single, this mild but speedy remedy is recommened with friendly earnestness. It will correct all functional derangements to which they are subject.

Scrofula and all Skin Diseases.

For all skin diseases; however inveterate, these medicines are a sovereign remedy. While the Pills act upon the, which they purify, the Ointment passes through the pores of the skin, and cleanses every structure, as water saturates the soil or as salt penetrates meat. The whole physical machinery is thus rendered healthy, regular and vigorous.

Coughs, Colds and Asthmas.

No medicine will cure colds of long duration or such as are settled upon the chest so quickly as these famous Pills. Even in cases where the first stage of asthma has appeared, these Pills may be relied on as a certain and never-failing remedy, particularly if the Ointment be simultaneously well rubbed into the chest and throat night and morning.

Indigestion.—Bilious Headache.

These complaints may sometimes be considered trifling but it should be borne in mind that, by inattention and neglect, they often end most seriously. Give early thought to a deranged stomach, take Holloway's Pills, rub his celebrated Ointment over the pit of the stomach, and you will shortly perceive a change for the better in your digestion, spirits, appetite, strength and energy. The improvements, though it may be gradual, will be thorough and lasting.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Ague,	Female Irregularities.	Scrofula, or King's Evil.
Asthma,	Fevers of all kinds,	Sore Throats,
Bilious Complaints,	Fits,	Stone and Gravel,

"Cariboo Sentinel."

THE Undersigned, Proprietors and Publishers of the "CARIBOO SENTINEL," in announcing to their friends and the public that their arrangements have been completed for issuing the first number on or about the first day of May next, would most respectfully solicit a continuance of the patronage and support heretofore bestowed on them.

While intimating their determination of publishing twice, instead of once a week as formerly, the undersigned would draw attention to the very efficient postal system now established throughout British Columbia, which will enable them to forward the SENTINEL to nearly every Mining Camp in the Colony, particularly to the newly discovered Mines on the Columbia, from whence they will be in constant receipt of the latest and most reliable intelligence, thus rendering the columns of their paper a most desirable medium of publicity for the business public.
